

Twin Valley School District

2019-20 District Goals Rating

Domain 1: Student Outcomes

Vision: We believe that meeting all students’ needs through appropriately challenging them and providing purpose through relevant and rigorous opportunities in and outside of school will allow each student to reach his/her own personal potential.

Theory of Action: If we develop a collaborative culture of high expectations, high levels of support and collective accountability then we will improve student outcomes including performance on standardized assessments.

Summary of Evidence:

The PSSA and Keystone Exams were cancelled due to the COVID-19 shutdown, therefore no evidence of progress towards the goal is available.

Domain 2: School Culture and Supports

Vision: We believe that creating a welcoming and supportive environment that allows and encourages independent exploration and risk-taking creates good citizens who have respect, integrity, and work ethic.

Theory of Action: If we continue to develop a culture that supports both instructional and non-instructional supports, then we will continue to add value to our community and enhance the outcomes for all students.

Summary of Evidence:

While there were no measurable goals identified for 2019-20, we developed reporting metrics Athletics Participation and Attendance, Club/Activity Participation, Daily School Attendance, and Behavior. Additionally, we augmented building level supports through a partnership with Child Guidance and through professional development on trauma informed practice.

Domain 3: Safety and Advocacy

Vision: We believe that providing a safe and nurturing learning environment is necessary for celebrating diversity, creating a shared sense of community, and focusing on the importance of the whole child.

Theory of Action: If we maintain vigilance in conducting safety walkthroughs, formal site assessments and drills with staff and students, then we continue to provide the safest possible environment for our staff and students.
